

Campaña de iluminación por el Día Mundial de la Diabetes

El artículo 61/225 de la Resolución de la Organización de las Naciones Unidas (ONU) asegura que el día 14 de Noviembre de 2007 quedará marcado como una fecha altamente significativa en la historia de la abogacía de la DIABETES.

Por este motivo, la Federación Internacional de Diabetes como máxima autoridad en cuestiones de Diabetes alrededor del mundo, registrará todas las actividades que se hagan en torno a este día.

Entre otras actividades, la IDF promueve la campaña de iluminación “UNIDOS POR LA DIABETES”, que consiste en iluminar en el color azul de la bandera de la ONU edificios emblemáticos y lugares de importancia local y nacional, desde el ayuntamiento de la aldea hasta la torre más alta, para marcar el primer año en que Naciones Unidas observa el Día Mundial de la Diabetes.

El libro del DÍA MUNDIAL DE LA DIABETES lo escribiremos entre todos, necesitamos la participación de la comunidad en las actividades alrededor del 14 de Noviembre. Este libro contendrá fotografías, documentos, mensajes de apoyo, datos importantes y cualquier documento que pueda interesar a la comunidad de DIABETES.

Si tiene algo que compartir, puede enviarlo a comunicaciones@idf.org, a la dirección de la ASOCIACIÓN MEXICANA DE DIABETES EN NUEVO LEÓN o a IDF Communications, Internacional Diabetes Federation, Avenue Emile De Mot 19, B-1000 Brussels, Belgium

A continuación, la lista de algunos de los edificios que se han unido a esta causa. Sin embargo, como todos los días se unen más, puede consultar las actualizaciones en www.idf.org (en la sección: “World Diabetes Day Monument Challenge”)

Albania

- Opera and Ballet Theatre Building, Tirana, Albania
